

REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

501.33961R00

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,914,763, granted June 22, 1999, and for which a

reissue patent is sought on the invention entitled LIQUID CRYSTAL DISPLAY WITH SUBSTANTIALLY EQUAL RESISTANCES FOR SETS OF TERMINAL ELECTRODES AND INCLINED WIRING ELECTRODES the specification of which

☐ is attached hereto.

☒ was filed on June 21, 2001 as reissue application number 09 / 885,166 and was amended on June 21, 2001 (If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Original patent claims 1 and 10 have been amended to clarify that each resistances of each set of the terminal electrodes and the inclined wiring electrodes are equal rather than the original claim language of claims 1 and 10 of the patent that each resistances of each set of the terminal electrodes and each set of the inclined wiring electrodes are substantially equal. Further, new claims 25-46 have been presented, wherein claim 25, for example, does not recite features concerning resistances of the electrodes as recited in original patent claims 1 and 10 or the specific length relationship of original patent claim 19.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

Docket Number (Optional)

501.33961R00

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant. As a named inventor, I hereby appoint the following attorney(s) and/or agent(s) to prosecute this application and transact all business in the United States Patent and Trademark Office connected therewith.
